## Mirror Warranty

Quality Glass & Mirror Service, Inc. warrants their mirrors against deterioration or contamination resulting from any type of penetration through the back for a period of five years. This is a conditional guarantee and the warranty does not cover deterioration caused by contaminants which attack the silver layer at an exposed edge. The mirrors must have been installed under industry-accepted glazing processes and using commercially acceptable glazing ingredients. Quality Glass reserves the right to inspect any mirror product that is alleged to be defective prior to its removal from the glazing system, installation or fabrication location.

In the event of failure, Quality Glass & Mirror will replace the mirror and no compensation will be offered for a loss of labor or any other loss incurred in the installation. It will be the responsibility of Quality Glass & Mirror, through its own tests to determine the cause of failure for the purpose of this warranty. Unusual or exotic installations are not covered by this warranty.

Quality Glass & Mirror's liability shall be limited solely to its responsibilities under this Warranty. In no event shall Quality Glass be liable to any person or entity for indirect, special, incidental or consequential damages or charges for any reason.

Quality Glass & Mirror has been in the mirror industry for over twenty years. The employees of Quality Glass have proven over time their ability to produce quality products. The glass is supplied by primary glass manufacturers in compliance with ASTM C1036 specifications and selected for mirrors. The mirrors are manufactured in accordance with Federal Test Method Standard N 151, Method 8111 and shall conform to or exceed the United States Department of Commerce Standard DDM411, Grade 1.

This warranty is a statement of our commitment to provide the best quality in the mirror industry to Quality Glass & Mirrors' customers.
