- Quality Glass & Mirror Services incorporated in 1985. We are proud to say we have been in service for 33 years! Quality Glass is a recognized manufacturer and fabricator . We are the only company in Nebraska with a tempering furnace, an automated insulating glass line, and all the equipment necessary to provide all of your glass & metal needs.
- We are a member of the Better Business Bureau with an A+ rating. We remain consistently on the Better Business Bureau's Honor Roll.
- Our **Insulated Glass Units, QG-1**, are independently tested by Associated Laboratories, Inc. and meet the required standards ASTM E 2188-02 and ASTM E 2190-02. We have one of the best ratings for our argon filled units as well.
- Our **Tempered Glass** products meet all of required standards including ANSI Z97.1, 16 CFR 1201, ASTM C 1048 and ASTM C 1279.
- Our **Spandrel Glass** products meet all of the required standards including ASTM C1048.

Quality Glass & Mirror flat glass products used for daily fabrication are supplied by AGC, Cardinal, Pilkington and PPG. As a result, each manufacturer's data is formatted a little differently. However, the overall specification content is consistent, based on LBL's Window 5.2 , so you are able to make an informed comparison between glass products.

*For more information or questions, contact Quality Glass & Mirror, or visit our website at [www.qualityglassomaha.com](http://www.qualityglassomaha.com).*
